Changes in revenue must be estimated for each reported year based upon accepted revenue estimating methodologies for the source of revenue described and

should reflect a change from the official revenue estimate provided for in 5-5-227. Expenditures must be estimated as the amount required for implementing the legislation, if enacted, in excess of or as a reduction to the present law level of expenditures in each reported year regardless of whether or not the preparing agency determines that it can absorb the costs in its proposed budget.

(3) The fiscal note must clearly differentiate between facts and assumptions made in the preparation of the fiscal note while maintaining a logical flow of both fact and assumption in presenting how the fiscal impact is determined."

**Section 3. Effective date.** [This act] is effective on passage and approval.
